Summary

Full Stack Developer with hands-on experience in ASP.NET Core, Angular, SQL Server, and REST APIs. Built and deployed scalable web applications with authentication, responsive UI, and database integration. Passionate about software development, backend systems, and modern web technologies.

TECHNICAL SKILLS

- **Programming:** Java | Python
- **Frontend:** Angular | HTML | CSS
- **Backend:** .NET Core | REST APIs
- **Database:** MySQL | SQL Server
- **Testing:** Manual Testing | Postman | SDLC/STLC
- **Analytics:** Tableau | Power BI | Excel

WORK EXPERIENCE & INTERNSHIPS

Full Stack Developer Intern, Prudent Corporate Advisory Services Pvt. Ltd. • Worked on ASP.NET Core, Angular, and SQL Server based applications. • Built and consumed REST APIs with frontend-backend integration. • Practiced debugging, SQL optimization, and responsive UI development. • Used Git & GitHub for version control and collaboration.	2026 – 2026 Ahmedabad
Data Analytics Intern, CSRBOX • Analyzed healthcare datasets and created interactive Tableau dashboards. • Performed data cleaning and exploratory data analysis (EDA). • Presented insights using visual analytics and reporting tools.	2025 – 2025
Industrial Trainee — Flutter & IoT Development, InfoLabz IT Services Pvt. Ltd. • Developed Flutter applications integrated with databases and APIs. • Worked on IoT prototypes involving sensors and live data handling. • Tested and debugged applications for reliability and performance.	2022 – 2023 Ahmedabad

PROJECTS

Staffsync, Employee Attendance & Management System • Built attendance and payroll system using ASP.NET Core MVC, SQL Server, and Bootstrap. • Implemented authentication, attendance tracking, salary management. • Deployed live application with database integration • Live Demo: staffsync 🔗	2026 – 2026
Liquiloan Platform, Full Stack Lending Application • Developed lending platform using Angular, .NET Core, SQL Server, and JWT authentication. • Built secure login, APIs, and role-based dashboard modules. • Implemented scalable backend architecture for enterprise workflow.	2026 – 2026

Crafted Treasures, E-Commerce Platform - Built full-stack e-commerce platform using Angular, .NET Core, and SQL Server. - Developed cart system, product management, and order workflow. - Designed responsive UI with secure authentication and backend APIs.	2026 – 2026
HitAlert!, IoT-based Smart Accident Detection & Alert System - Designed IoT-based accident detection system using Arduino and NodeMCU sensors. - Integrated live alert system with APIs and Flutter mobile interface. - Received SSIP funding for innovation in road safety.	2025 – 2025

Examination | University | Institute | Year | CGPA/%

B.E (Graduation), SETI Ahmedabad - University: GTU(CE) - CGPA: 7.88	2023 – 2026 Ahmedabad
Diploma, GPG Ahmedabad - University: GTU(CE) - CGPA: 8.81	2020 – 2023 Ahmedabad
SSC, SBEM, Bardoli - University: GSEB - Percentage: 69.17%	2020 Bardoli

ACHIEVEMENTS

2nd Rank in Volleyball, GTU Sports Spirit Zonal & Inter-Zonal Competition	01/12/2023
1st Rank – Tech Thrive, Technosav	01/12/2022
3rd Rank – Techno Sarita	01/12/2022
1st Rank – SSIP Ideation Competition For proposing “HitAlert!”	01/12/2021
Hackathon Participant – Azadi ka Amrit Mahotsav, IITRAM	01/12/2021
SSIP Funding Received for IoT-based Accident Alert System	

ACTIVITIES

Indian Society for Technical Education (ISTE), PR Member
College community activities, Active contributor Contributor for 2 years
