Examination	University	Institute	Year	CGPA/%
Graduation	GTU(CE)	SETI Ahmedabad	2023-26	7.69
Diploma	GTU(CE)	GPG Ahmedabad	2020-23	8.81
SSC	GSEB	SBEM, Bardoli	2020	69.17

PROJECTS

- **Staffsync – Employee Attendance & Management System** (2026)
 - Developed web-based attendance system using **ASP.NET Core MVC, SQL Server, Bootstrap**
 - Implemented authentication, attendance tracking, and admin dashboard.
 - **Deployed** live application with real-time database integration .
 - **Live Demo:** <https://staffsync-vfuh.onrender.com/>
- **Liquiloan Platform – Full Stack Lending Application** (2026)
 - Built full-stack lending system using **Angular, .NET Core, SQL Server, JWT authentication** as a Final Year B.E. Computer Engineering project.
 - Developed secure login, API integration, and user dashboard modules
 - Implemented scalable backend with role-based access control
- **Expense Tracker – Financial Management Application** (2026)
 - Developed a data-driven expense tracking system using Angular, .NET Core API, and SQL Server
 - Implemented dark mode UI with responsive dashboard for real-time financial monitoring
 - Built analytics dashboard to visualize income vs expenses and spending patterns
 - Enabled secure authentication and structured transaction data storage for reporting and analysis
- **Crafted Treasures – E-Commerce Platform** (2026)
 - Built full-stack e-commerce platform using Angular, .NET Core, and SQL Server
 - Developed product management, cart system, and admin dashboard modules
 - Implemented secure authentication, order flow, and backend API integration
 - Designed responsive UI with scalable architecture for future feature expansion
- **Health Care Activity Monitor in Tableau** (2025)
 - Built interactive dashboards using Tableau to visualize healthcare activity trends
 - Performed data cleaning, transformation, and exploratory data analysis (EDA)
 - Derived actionable insights to support decision-making using visual analytics
- **HitAlert!- IoT-based Smart Accident Detection & Alert System** (2025)
 - Designed IoT-based accident detection system using Arduino and NodeMCU sensor
 - Integrated real-time alert system using APIs and Flutter mobile interface
 - Implemented live data logging for accident, gas leak, and hazard detection
 - Received SSIP funding for innovation in road safety
- **Personal Portfolio Website** (2026)
 - Designed responsive portfolio using **HTML, CSS, JavaScript**
 - Showcased projects, skills, and experience in a single-page layout
 - **Deployed** using **GitHub Pages** for public access
 - **Live Demo:** https://patelnancy-dot.github.io/Portfolioo_Nancy/

TECHNICAL SKILLS

- **Programming:** Java, Python
- **Frontend:** Angular, HTML, CSS
- **Backend:** .NET Core, REST APIs
- **Database:** MySQL, SQL Server
- **Testing:** Manual Testing, Postman, SDLC/STLC
- **Analytics:** Tableau, Power BI, Excel

WORK EXPERIENCE & INTERNSHIPS

- **Industrial Trainee — Flutter & IoT Development | InfoLabz IT Services Pvt. Ltd., Ahmedabad (2022-2023)**
 - Completed industrial training in cross-platform mobile app development and IoT systems.
 - Developed intuitive mobile apps using Dart & Flutter, integrated with live databases and web services.
 - Designed, tested, and debugged IoT prototypes involving sensors, circuits, and backend data processing.
 - Ensured system reliability through database validation and functional testing.
 - Gained strong expertise in full-stack development, logical thinking, and problem-solving.
- **CSRBOX| Data Analytics Intern (2025)**
 - Explored and analyzed real-time healthcare datasets, deriving meaningful insights for decision-making.
 - Applied data cleaning, preprocessing, and basics of exploratory data analysis (EDA) to improve dataset quality.
 - Designed and delivered interactive Tableau dashboards, presenting complex data in a clear and actionable way.
 - Collaborated in industry-led problem-solving sessions, strengthening analytical thinking and practical application skills.
- **Full Stack Developer Intern | Prudent Corporate Advisory Services Pvt. Ltd., Ahmedabad (2026)**
 - Learned how to build full-stack web applications using **ASP.NET Core, Angular, and SQL Server** .
 - Gained hands-on experience in developing and consuming **REST APIs** .
 - Improved understanding of **frontend–backend integration** in real enterprise systems .
 - Practiced debugging and resolving real-world application issues .
 - Learned performance optimization techniques for web applications
 - Worked with **Git & GitHub** for version control and team collaboration
 - Understood database design and executing efficient **SQL** operations
 - Developed skills in building **responsive and user-friendly UI components**

ACHIEVEMENTS

- 1st Rank – SSIP Ideation Competition (2022) for proposing “HitAlert!”
- SSIP Funding received for IoT-based Accident Alert System
- Hackathon Participant – Azadi ka Amrit Mahotsav (IITRAM, 2022)
- 1st Rank – Tech Thrive, Technosav 2023
- 3rd Rank – Techno Sarita 2023
- 2nd Rank in Volleyball — GTU Sports Spirit 2024, Ahmedabad (Zonal & Inter-Zonal Competition).

ACTIVITIES

- PR Member of **Indian Society for Technical Education (ISTE)**
- Active contributor in college community activities for **2 years**

AREAS OF INTEREST

- Data Analytics & Business Intelligence
- Database Management & API Development
- Software Testing & Quality Assurance
- FrontendDevelopment & Backend Development

HOBBIES

- Listening to Music
- Volleyball
- Cricket
- Traveling
